#### **The Demeures & Châteaux Vinea Letter**

The Vinea Transaction network has the honour and the privilege to present you its Letter which accompanies you all along the year.

The Vinea Letter proposes on each issue a focus on the vineyard estate market and a technical topic, which is dedicated to the acquisition of a vineyard property and which develops a key point to be considered during the transaction process.

For this first issue (Demeures&Chateaux n°179), Michel Veyrier, co-founder of the Vinea Transaction network, evaluates the situation of the vineyard estate market in 2008 region by region.. ([see the Vinea Letter - D&C n°179](#))

#### **Vinea Letter - Demeures & Châteaux n°182**

For this third issue, Michel Veyrier, general manager of Vignobles Investissement, evaluates the Languedoc-Roussillon vineyard estate market.
